No.4480/D.1/48. dt. 30-3-51.

Sir,

Sub: Industries - Sericulture-Govt.Silk Filatures, Kollegal -Annual stock of verification 47-48- Deficits in the stock of silk-Write off of - Loss- Proposals - regarding.

Ref: Govt.Memo No.31371/M.1/50-2 dated 5-8-1950.

--

In continuation of para 2 of this office letter No.2123 D1/49 dated 17-8-50, I submit that the Sericultural Expert who was asked to explain the reasons for the shortage on account of the driage in silk had explained that it was due to hygroscopic nature of the material and that the shortage observed in relation to the total stock verified during the year was very small.The total stock verified was 46,493 lbs 2 ozs and the percentage of shortage worked out to about 0.4 only. I agree with the Sericultural Expert that the shortage involved is reasonable. The total value of 207 lbs 6½ Ozs found short at the rates which prevailed then for the different deniers works out to Rs.6218-6-6. only.

In this connection, I invite reference to G.O. Ms.No.3109 Development dated 14-8-46 wherein Government have previously written off a similar loss on account of dryage during the year 1946 to the extent of Rs.1765-15-1 which worked out to 1.2% of the total stock. It will also be recalled that in G.O. No.Ms.1735 Development dated 7-4-48 the Government were pleased to sanction the installation of a conditioning equipment in the Filatures. It is considered that after the conditioning equipment has been installed, losses on account of dryage will be greatly reduced.

In the circumstances explained above, I request that Government may be pleased to write off the loss of Rs.6218-6-6 being the value of 207 lbs. 6½ Ozs of silk found short due to dryage during the year 1947-48. I request early orders of Government.

for Director of Industries and Commerce.
